PART I

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 22 OF 1908-09.

Appellants	*Vs.*	*Respondents*
1. Shankaranarnappa		1. Narasimiah
2. Gundappa		2. Seetharamiah

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, declining to recognize the claims of the petitioners to the shanbhogi office of Yennegere and two other villages in the Magadi Taluk.

Facts of the case.

In the year 1822-23 one Subbiah was the registered shanbhog of Yennegere, Vaddarahalli and Jodi Kuthipalya villages in the Magadi Taluk. In the Barabaluti Register of 1863-64 the name of one Dodda Narasimhaiya was entered as registered hakdar on the ground that he got the hak by purchase from the original hakdar Subbiah. The names of Doddanarasimhaiya's son Appiah and nephew Lakshminarasaiya were shown as hissedars and one Krishnappa, son-in-law of Dodda-Narasimhaiya, was performing the duties of the shanbhogi office for a long time. On the death of Krishnappa, his son Venkatramiah succeeded him, but one Chenniah was doing the duties of the office. In the year 1880 this Channiah was removed from the office on the ground of inefficiency and Shankaranarnappa, the present first appellant before Government, was, on 13th July 1880, appointed to do the duties of the shanbhogi office. This Shankaranarnappa is said to be the descendant of the original hakdar Subbiah. Since then, the latter and his son Gundappa have been in uninterrupted possession and enjoyment of the office and have been doing the duties thereof as gumastas.

On 7th May 1881, Mr. Ricketts, the then Deputy Commissioner, appointed Ramappa, eldest son of Appiah, as shanbhog, and the office was registered in his name, but Shankaranarnappa and Gundappa continued to do the duties as gumastas. In the year 1901-02 this Ramappa made a statement before the Amildar of Magadi that he had acquired his right to the shanbhogi office in question as a result of a previous mortgage of the hak by the petitioner's ancestor Subbiah to his grandfather Dodda Narasimhaiya, that, as the mortgage had since been redeemed by the petitioners, the shanbhogi office might be registered in the name of Gundappa, the present 2nd appellant before Government. Thereupon Narasimhaiya and Seetaramaiya, sons of Lakshminarasimhaiya, filed a suit contending that Ramappa had defrauded them, and prayed for a decree for half the share in the shanbhogi hak. The Deputy Commissioner referred the case to the Closepet Sub-Division Officer, who after enquiry adjudged that the title to succeed to the office should vest in the present respondents before Government in case the senior branch in the male line became extinct or the members of the first branch proved themselves incompetent to perform the shanbhogi duties.

Thereupon, the petitioners preferred an appeal to the Deputy Commissioner, Mr. Sparkes, who observed that the name of Ramappa was registered so far back as 1881 and that petitioners had not protested against the registry till 1900 and that therefore their claim to the office was barred by limitation, and accordingly dismissed the appeal. Hence the present appeal. This is a case withdrawn from the Revenue Commissioner's file under Section 210 A of the Mysore Land Revenue Code. It came for hearing on the 7th May 1909, when the parties were present.

Decision.

The plaintiffs have neither the registry of the shanbhogi in their names nor the enjoyment of the office. They claim it under two sales alleged to have been effected in favor of their ancestors between 1820 and 1823. The 1st defendent (Ramappa) who is the person whose name is registered as the shanbhog, admits their title, but his admission counts for nothing as he also claims to be a sharer along with the plaintiffs; and he has in a statement made before the Amildar on

Land Revenue, dated 23rd February 1910.

2nd June 1901 (Exhibit VI), admitted that the shanbhogi had been mortgaged to is grandfather by an ancestor of the 6th defendant (Shankaranarnappa who edeemed it in accordance with a registered deed dated 6th May 1900. Whatever he relationship may be between the 1st defendant (Ramappa) and the plaintiffs he latter have no right to get the registry transferred to themselves when he is live. If he wished to oust the 6th and 7th defendants (Shankaranarnappa and undappa) it is unlikely that he would succeed in the face of the admissions contained in Exhibits V and VI.

Ramappa, in his deposition given after he became hostile to the appellants, stated hat they were gumastas. One of the witnesses, Chennappa, has also said so. This ral evidence is quite insufficient, and the original records showing when the office assed to the 6th defendant's enjoyment have not been discovered. Some entries n a correspondence register of the taluk show that Chennappa was not within his urisdiction and that Shankaranarnappa was made to take charge of collection ork and was given the khate and khirdi. This is quite insufficient to show on hat terms he got the office or whether he got it as his own or as a gumasta. The urden of proof should be altogether thrown on the plaintiffs in this case, and s their title is not established, the decision of the lower authorities should be eversed and the suit dismissed.

MEMO No. R. 5861-69—L. R. 413-08-3, DATED BANGALORE, 23RD FEBRUARY 1910.

Copies of the above are forwarded to (1) the Deputy Commissioner, Bangalore District, together with the records received with his letter No. 662, dated 21st June 909, and (2) the Revenue Commissioner in Mysore for information.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 130, dated the 31st August 1909, from the Officer in charge of the Agricultural Chemist's Office, submitting his Annual Report for 1908-09.

No. R. 5438-48—AGRI. 42-09-2, DATED BANGALORE, 3RD FEBRUARY 1910.

ORDER THEREON.—The report submitted by Dr. Coleman contains an interesting record of work done during the year in Agricultural Chemistry and the investigation of fungoid and other diseases affecting areca and the principal crops and the best modes of combating insect pests.

2. With regard to the first, the experiments carried out in the Hebbal Experimental Farm and the Agricultural Chemist's Laboratory consisted chiefly in the carrying out of the programme laid down by Dr. Lehmann. They were mostly concerned with the investigation of the effects of associating a leguminous crop with ragi and with ascertaining the best varieties of paddy suitable for growth in the State, the most favorable conditions for the cultivation of sugar-cane and the crops that may be rotated with it, the influence of green and other manures on soils and the effects of the growth of particular crops on soils thus manured and the minimum degree of moisture required in the soil by each crop for existence.

A fair beginning was also made with a general survey of the soils in the State.

3. Work that was of more immediate benefit to the raiyats was that connected with the demonstration of improved methods of manufacture of sugar and the use of imported implements and machines. Government are glad to learn that the demand for improved implements and machines is increasing among agricultural classes and that some of the more enterprising among them have been indenting for expensive machinery through the Department. Government have no objection to the suggestion of Dr. Coleman to arrange with some local manufacturer to manufacture ploughs similar to the imported varieties and have them sold at a fixed price to persons applying for them through the Department, in order to avoid deception on the part of middlemen, and to make similar arrangements with foreign manufacturers regarding the supply of other implements which deserve to be made popular.

4. The most valuable part of the work done during the year was, however, in Dr. Coleman's special field of Mycology and Entomology. The investigations could not be fully started before November 1908, when the equipment of the laboratory was completed, but there is a good record of work done. The plan adopted by him in his investigations is to select a few subjects for thorough study at a time according to their importance, and at present his attention is chiefly devoted to the investigation of *Koleroga* of supari, which has been one of the main causes of the decline of prosperity in the malnad, and the ring disease affecting potatoes. Dr. Coleman states that he has ascertained the nature of the *Koleroga* and that it can be combated by systematic spraying. A special kind of sprayer worked by compressed air has been obtained from Germany and the experiments are carried on in seven gardens selected in various localities. The results so far are stated to be satisfactory. Supari growers themselves are reported to have been taking much interest in these experiments. Dr. Coleman has published a pamphlet on ring disease in potatoes, which is being widely circulated. Some preliminary investigations have also been made with respect to *Anaberoga* of the areca-palm and the spike disease of sandalwood.

5. An exhaustive collection of fungi and of plants for identification of specimens is being made and also of all insects likely to cause damage to crops, with a view to distinguish those which are relatively harmless from those which act as serious pests and to confine the investigation eventually only to the latter. For the present the rice grasshopper, which is stated to have been causing great damage in the Sorab Taluk, the *Kamblihula* or caterpillar, which is very much dreaded on

Revenue (Agriculture), dated 3rd February 1910.

account of its ravages in the Shimoga, Kadur and Chitaldrug Districts, and the potato moth and wire worms and the parasitic flies and wasps which attack these injurious insects, have been selected for special study. It is also intended to give demonstrations of the manner in which insect diseases are to be combated and to deliver popular lectures on the subject. Government view these measures with great expectations.

6. The attention of the Revenue Commissioner will be drawn to the latter part of para 31 of Dr. Coleman's report where he brings to notice remissness on the part of certain Amildars in giving him timely information relating to fungous diseases and insect pests. Cause for such complaint should no longer occur.

7. Government have noted the appreciative remarks of Dr. Coleman regarding the work of his staff, and are glad to observe that Dr. Coleman himself deserves commendation for his own enthusiasm in his work.

READ—

Report of the Inspector of Cattle Diseases on the work of the Civil Veterinary Department in the State for 1908-09, submitted by the Revenue Commissioner with his letter No. 4716, dated the 5th November 1909.

No. R. 5694-723—AGRI. 68-09-2, DATED BANGALORE, 14TH FEBRUARY 1910.

ORDER THEREON.—Recorded.

2. Government are glad to note that the Veterinary Department, which was constituted about two years ago and which now comprises eight Veterinary Hospitals and Dispensaries under the Inspector of Cattle Diseases, has done excellent work during the year and that its services were of great use in checking the several epidemic diseases which prevailed all over the State. Inoculation was found to be of considerable benefit in the treatment of such diseases and is reported to be becoming popular. The number of cattle inoculated was 14,481 and the number treated 24,162.

3. The thanks of the Government of His Highness the Maharaja of Mysore will be conveyed to the Inspector-General, Civil Veterinary Department, and the Imperial Bacteriologist for the readiness with which the vaccines, and the sera required for inoculation were supplied to the Inspector of Cattle Diseases, and for the practical advice freely given by them to him.

4. With reference to para 15 of the Inspector's Report regarding the necessity for extending the provisions of the Regulation for the Prevention of Cruelty to Animals, it will be pointed out to him that the Regulation is already in force in all district head-quarters and that Section 57 of the New Police Regulation gives the Police full powers to deal with all instances of flagrant cruelty to animals. The Municipal Councils of Bangalore and Mysore will be requested to consider the other suggestion contained in the same para of the Report regarding hackney and jutka stands and slaughter-houses being required to be periodically inspected by veterinary officers and licenses issued to hackney drivers and jutkawallas only after a certificate from the Inspector that the animals employed are sound.

Letter No. 7992—2, dated the 2nd February 1910, from the Revenue Commissioner in Mysore, forwarding a statement of cattle mortality in the State during the quarter which ended with the 30th September 1909, together with a copy of his review thereon :—

" I have the honor to submit herewith the consolidated statement of cattle mortality in the State during the quarter ending the 30th September 1909 together with a copy of my review thereon."

(*Enclosure.*)

Revenue Commissioner's Review No. 7983-91, dated 2nd February 1910, on the statements showing the losses in cattle of various kinds in the several districts of the State during the quarter ending the 30th September 1909.

Recorded.

2. It is satisfactory to note that the total cattle mortality in the State during the quarter under review was 29,058 as against 49,866 during the corresponding quarter of the previous year. The mortality during the latter period was exceptionally heavy on account of epidemic diseases and the disturbed seasonal conditions.

3. As will be seen from the figures noted in the margin, the total loss from sickness was less than half of what it was in the corresponding quarter of the previous year, while the number killed by wild beasts slightly rose by 214.

	Present quarter	Corresponding period of last year.
Died of sickness	12,572	32,096
Died by accident, etc	14,066	15,564
Killed by wild beasts	2,420	2,206

4. The number of cattle inoculated in the State during the period under review was 1,613 and the actual number inoculated in various districts was as follows:—

Bangalore	183
Kolar	262
Tumkur	48
Mysore	194
Hassan	65
Shimoga	828

The Report on the Administration of the Forest Department for the year ending the 3rd June 1909, received with letter No. 3282, dated the 5th October 1909, from the Conservator of Forests in Mysore.

No. R. 5520-29—FT. 21-09-2, DATED BANGALORE, 7TH FEBRUARY 1910.

ORDER THEREON.—*Area of forests.*—The area of State Forests was increased by 73·25 square miles by the addition of fourteen blocks. The area at the end of the year was 2,545·18 square miles against 2,471·93 square miles in the previous year. There was also an appreciable increase in the area of reserved lands, which stood at 702·35 square miles against 657·05 square miles at the beginning of the year.

2. *Selection of areas for reservation.*—Forty-seven blocks with an area of 532 square miles were awaiting settlement at the end of the year, and proposals in respect of 472½ square miles were in various stages of elaboration. It is hoped that the appointment of a full-time Forest Settlement Officer will lead to the early disposal of the pending cases.

Government will be glad if the Conservator can expedite the submission of the proposals for the constitution of the 'excess kavals' in the Mysore and Bangalore Districts into State Forests.

3. *Demarcation and surveys.*—The work of demarcation was very fair, a length of 409 miles of new lines having been marked out and 1,934 miles of existing lines repaired during the year. The forest survey was approaching completion, but the outturn of work during the year was unsatisfactory owing to the inaccurate work turned out by certain subordinates.

4. The work of drawing fair maps is largely in arrears and the matter demands the careful attention of the Conservator. It is hoped that before Mr. Claudius retires in February next, arrangements will have been made for the satisfactory completion of the work.

5. *Working plans.*—The working plans for the important teak forests of the Kakankote and Begur ranges, covering an area of 193 square miles, were sanctioned by Government during the current year.

The plans for the Lakvalli Forest in the Kadur District are receiving the consideration of the Conservator. Government would invite the attention of the Conservator to their remarks in Para 6 of the Review of the Administration Report for 1907-08 and would be glad if the Conservator would mature a scheme for a systematic investigation of forest resources and the preparation of working plans.

Government note that for various reasons the prescriptions of the annual working plans could not be fully worked out in several of the forests exploited under such plans, but obviously such underworking is no disadvantage to the forest so far as its conservation is concerned.

The success that has attended the working of some of the inaccessible forests in the Kadur District by the contract system is very encouraging.

6. *Communications and buildings.*—Considerable attention was paid to the improvement of communications and the erection of buildings. Forty-seven miles of new roads were opened at a cost of Rs. 6,600 and a sum of nearly Rs. 29,000 was spent on buildings. Repairs of roads and buildings cost nearly Rs. 19,250. The improvement of water-supply was also taken in hand and wells were sunk in several places. During the year a traction engine and wagons were purchased for transporting timber and very encouraging results were obtained by their use.

7. *Offences against forest laws.*—There was a small increase in the number of offences reported, but most of the cases were of a minor character and were dealt with by the Departmental officers under Section 59 of the Forest Regulation. The number of cases pending in the Bangalore District has been large for some years past and the early disposal of the pending cases should engage the serious attention of the District Forest Officer.

Government would invite the attention of the Revenue Commissioner to the remarks of the Conservator in para 25 of the report for suitable instructions being issued to secure the prompt disposal of cases of injury to sandal trees. It is hoped that the action recently taken by Government to give the occupants of land an interest in the sandal trees growing on the land will lead to a diminution of this class of offences.

8. *Protection from fire.*—The long drought from October 1908 to May 1909 was very unfavorable to fire-protection and large areas in the Kadur, Shimoga and Mysore Districts were burnt during the year. The Conservator states that the fires in the two former districts were not an unmixed evil as they helped to clear the jungles of dead bamboos and young bamboo seedlings and thus made a large area of forest available for the more valuable species of timber. This does not appear to the Government to be quite convincing and it has to be pointed out that there is a great risk of this plea being employed to excuse failure in the adoption of measures of fire-protection. Again with regard to the Mysore District, the Conservator says that some of the fires were due to intertribal jealousies among the jungle tribes on whose co-operation the safety of the forests so much depends. In the absence of a specific enumeration of such cases duly verified, the Government consider that the explanation for the extensive fires in the district cannot be accepted. It is noticed that the maidan districts were entirely free from fire, a fact perhaps due to the anxious care of the people to husband all the fodder available for the starving cattle.

Out of a total area of 2,545 square miles an area of 2,300 square miles was attempted to be protected and the failure was 8·8 per cent of the latter area.

9. *Protection from cattle.*—In ordinary years the grazing in forests is restricted and regulated by the imposition of fees, but the abnormal drought and scarcity of fodder that prevailed during the year under report rendered it necessary to throw open all State Forests with the exception of plantations and exploited coupes, to free grazing. The result was that 186,887 cattle, 2,157 buffaloes and 14,673 sheep, besides the Government Amrut Mahal cattle, took advantage of this concession. The raiyats were also permitted to cut and remove free of charge large quantities of fodder grass. Fodder was also cut in the jungles, compressed by machinery and transported to suitable centres for sale to the raiyats.

The total revenue from grazing and fodder grass was Rs. 52,143 against 57,495 in the previous year.

10. *Protection against injuries from natural causes.*—It is a matter of some concern that the spike disease still continues its ravages in the Hunsur and Heggaddevankote Taluks and elsewhere and that 49,787 trees had to be uprooted on that account. The Conservator is requested to place himself in communication with the Government Entomologist for an investigation of the habits and life history and devising means of combating the ravages of the insects referred to in para 30 of the report.

11. *Sylviculture.*—The failure of the monsoons and the prolonged drought during the year rendered it a very unfavorable one for sylvicultural operations, both natural and artificial. The artificial stocking was, however, attended with a fair amount of success. The expenditure incurred was Rs. 29,740 against Rs. 25,567 in the previous year.

For the improvement of growing stock, coppicing, thinning, cutting back, weeding, climber-cutting and other operations were carried out to some extent, chiefly in the teak forests and plantations.

12. *Exploitation.*—Departmental agency was chiefly employed in the extraction of produce from the high forests, but the efforts made to encourage private enterprise met with fair success, for, out of a net revenue of nearly 3½ lakhs of rupees from timber and firewood 40·4 per cent was derived from the sale of standing timber to purchasers and contractors. The collection of sandalwood was entirely confined to overmature trees and buried old roots. Minor forest produce was exploited chiefly under the contract system.

(*Revenue; Forest, dated 7th February 1910.*

The total quantity of timber sold during the year was 535,872 cubic feet against 429,830 in the previous year, and the price realized thereof was Rs. 3,68,695 against Rs. 3,38,594. A quantity of 129,006 cubic feet of timber was sold to Mr. Haji Ismail Sait, the transaction resulting in a net surplus of Rs. 36,282. A small quantity of timber was also sold in foreign markets through the agency of Mr. Strickland.

The demand was steady and the rates obtained were very favourable. The revenue from firewood and bamboos was Rs. 1,10,647 and that from the sale of minor forest produce was Rs. 2,78,700. Of the items of minor forest produce, Tangadi bark realized very good prices.

13. *Sandalwood.*—A quantity of 3,539 tons of sandalwood was collected during the year, and out of this and the balance of the previous year, a quantity of 2,349 tons and 11 cwts. of good wood was prepared. Including the stock on hand, at the beginning of the year, there were available for sale 3,164 tons and 17 cwts of good wood. The quantity sold was 2,113 tons and 19 cwts and the price realised was Rs. 10,52,565. The average price per ton was Rs. 498, which was much less than in the previous year.

Owing to the financial crisis in America and the general depression of trade, the market for sandalwood was very dull, and the demand fell far short of the supply.

14. *Financial results.*—The total demand of the year, including the previous year's balance, was Rs. 21,59,108, and of this, a sum of Rs. 18,03,555 was realised, leaving a balance of Rs. 3,55,553 at the end of the year. The expenditure of the Department was Rs. 7,50,031, made up of Rs. 4,59,545 under Conservancy and Works and 2,90,486 under Establishments.

The net surplus amounted to Rs. 10,53,524, of which the surplus under Sandalwood was Rs. 7,54,898.

The surplus of the year, however, fell far short of the surplus of the preceding year, which was Rs. 16,17,963. The chief cause for the falling off was the fall in the revenue from sandal, which was Rs. 9,23,975 against Rs. 14,16,540 in 1907-08.

The increase of revenue under Timber was very encouraging.

15. *General.*—Government are glad to note that all the gazetted officers and Rangers generally worked with zeal and energy. The Conservator's remarks in para 74 in regard to the subordinate staff, are noted, and his proposals will be awaited.

In conclusion, Government desire to place on record their appreciation of the able manner in which Rai Bahadur Mr. M. Muttanna has carried on the Administration of the Department entrusted to his charge.

Letter No. 1635—B. & R. 296, dated the 24th September 1909, from the Comptroller, Mysore Government:—

"1. I have the honor to state that under the rules now in force for operating on the Dewan's account with the Bank of Madras and with Messrs. Coutts & Co., London, a weekly limit of Rs. 10,000 in the case of the former and of £500. in the case of the latter has been placed on the orders of the Comptroller for payments at those Banks, and the orders for excesses over those limits require to be countersigned by the Dewan before despatch. The rule was slightly altered in regard to orders on Messrs. Coutts & Co., when the Comptroller's Office Manual was compiled by Mr. Biddulph and approved by the Government for adoption in this office. According to the new Rule the countersignature of the Dewan is required only when the aggregate of any individual order exceeds £500, and this is the practice that has been followed ever since. In the case of the Madras Bank, however, the original limit still continues; and when that limit is exceeded in any one week from a Monday to the following Saturday (both days inclusive), the requisitions concerning such excesses are countersigned by the Dewan. Orders for payments at the Bank of Madras, Madras, have, as in the case of those on Messrs. Coutts & Co, London, now become so large and numerous especially in the Public Works, Education and Agricultural Departments that the limit is very often exceeded and the Dewan's countersignature obtained every now and then. In addition to the delay that is caused by this arrangement in the disposal of the requisitions for payments, much extra and unnecessary work is thrown on this office for watching that the weekly limit is not exceeded. There is moreover the fact that there is no such limit whatever on the powers of the Comptroller to issue orders on the local treasuries to any extent whatsoever. Under these circumstances, I beg that the Government may be pleased to consider whether the rules do not now require to be changed so as to remove all limits, and in case it is considered desirable to place some limits, whether they may be on amounts of individual orders or on the aggregate of the weekly orders. If the Government decide that the Dewan's countersignature is necessary in certain cases, it may be required only if any *individual* order on the Bank of Madras exceeds a prescribed limit so that there may be the same basis for the limits on the orders on the Madras Bank as on the Bank at London. If any limits are fixed, it may be, say, £2,000 or Rs. 30,000 in the case of an individual order.

2. There is another point on which I solicit the orders of Government in this connection. Under the rules referred to above, the requisitions for payments at the Bank of Madras (Head Office) are required to be signed by the Comptroller and countersigned by the Khazana Bakshi. The countersignature of the Khazana Bakshi was perhaps considered necessary at a time when the payments made through the Bank of Madras, Madras, were adjusted in the accounts of the State Huzur Treasury. But as under the existing system all transactions at the Head Office of the Bank relating to this State are adjusted directly in the books of this office and not through the State Huzur Treasury, there is therefore no meaning or use in getting the Khazana Bakshi's countersignature. In these circumstances, I beg the favor of being informed whether Government consider the countersignature of the Khazana Bakshi to be necessary any longer.

3. If the Government think that the rules referred to above require modification in accordance with the above observations, I beg that the rules be issued *de novo* embodying all the modifications up to date for facility of reference in future and copies thereof sent to Messrs. Coutts & Co. and the Bank of Madras."

No. Fl. 4030-1—G. F. 136-09-2, dated Bangalore, 12th February 1910.

ORDER THEREON.—The Government are pleased to direct that the present limit on the amounts of orders by the Comptroller on Messrs. Coutts & Co. and the Madras Bank be abolished and that, in lieu of it, a limit of £2,000 or Rs. 30,000 be placed on the amount of each individual order on the said Banks by the Comptroller.

2. The countersignature of the Khazana Bakshi to requisitions for payment at the Bank of Madras, Madras, is unnecessary and will be dispensed with.

3. Rules Nos. I (3), II (3) and III (2) of the Rules for operating on the Dewan's account with the Bank of Madras and with Messrs. Coutts & Co., London, sanctioned in Government Order dated the 29th February 1892, are accordingly amended. The said rules and forms as now revised are issued for facility of reference as an appendix to this Order.

Financial Secretary to Government.

Proceedings of the Government of His Highness the Maharaja of Mysore,

The following rules for operating on the Dewan's account with the Bank of Madras, and with Messrs. Coutts & Co., London, have been sanctioned by His Highness the Maharaja's Government.

I. Deposits in the Bangalore Branch of the Bank of Madras.

(1) All credits are to be made as at present, the Bank being competent to receive moneys paid by whomsoever to the credit of the Dewan's deposit account.

(2) Moneys should be withdrawn from the Branch Bank at Bangalore, only by cheques signed by the Comptroller and countersigned by the Khazana Bakshi. They shall be competent so to withdraw by means of cheques, specie to any amount (*a*) for the use of the Huzur and other Treasuries within the State, in either which case, the specie shall be brought into the Huzur Treasury in the first instance except when such specie is intended for the Bangalore District Treasury, in which case it may be sent direct to that Treasury, or (*b*) for payment into the Resident's Treasury at Bangalore, in which case, the specie shall be paid into the Resident's Treasury.

(3) For all other withdrawals from the Branch Bank at Bangalore, the Comptroller and the Khazana Bakshi are authorised to draw cheques for amounts not exceeding Rs. 30,000 for each cheque. No cheques shall be issued beyond the abovementioned limit without the written sanction of the Dewan recorded upon such cheques.

(4) The purpose for which a cheque is drawn should be specified in the advice given to the Bank. Printed advice in the form (No. I) appended should be used with serial numbers and counterfoils, the duplicate counterfoils being submitted to the Dewan for information, from time to time as issued.

(5) The Madras Bank have kindly consented to have the Pass-book written up and returned to the Comptroller once every week, and at the same time to send to the Dewan an extract of the same, weekly, showing the balance on hand. The Khazana Bakshi should also submit to the Dewan, weekly, the balance according to the Treasury Cash Register, together with explanation of the difference, if any, between the Branch Bank Pass-book and Treasury Cash Register.

II. The Dewan's account with the Madras Head Office of the Bank of Madras.

(1) Requisitions for withdrawing money from this account shall always be by means of printed letter in the appended form (No. II), the duplicate counterfoils of which should be submitted to the Dewan, from time to time as issued.

(2) Transfers from this account to the credit of the Dewan's account at the Branch Madras Bank at Bangalore may be made to any extent upon the requisitions signed by the Comptroller.

(3) In all other cases the requisitions shall be signed by the Comptroller for any amount not exceeding Rs. 30,000 for each requisition. A requisition for more than Rs. 30,000 shall also bear the Dewan's sanction in writing.

(4) When any requisition is for payment of a bill at the Head Office of the Bank, such bill duly passed for such payment shall be attached in original to such requisition.

(5) In every case, the purpose for which a requisition is made shall be specified in the margin of the same.

(6) The Madras Bank have kindly consented to send to the Comptroller a monthly statement of account, which will be submitted to the Dewan for inspection monthly.

III. Mysore Royalty Account with Messrs. Coutts & Co.

(1) On the requisitions of Heads of Government Departments the Comptroller is authorised by means of requisitions to instruct Messrs. Coutts & Co., London, to make payments up to a total limit of £2,000 for each requisition. A requisition for more than £2,000 will bear the Dewan's sanction in writing.

Financial (General Finance), dated 12th February 1910.

(2) The requisitions should be in printed form (No. III) or by letters and the duplicate counterfoils of the forms and copies of letters should be submitted to the Dewan on the day following each mail day.

(3) The quarterly accounts received from Messrs. Coutts & Co., London, should be submitted in original for the Dewan's inspection with the Comptroller's explanations and the original register kept in the Comptroller's office.

1. Representative Assembly Subject No. 155 of 1908:—

Summary of discussion.—The bagani tree cannot be indiscriminately tapped like the date tree as it can only be tapped at a particular season. If the season is not taken advantage of, the drawer has to wait a long time before he has another opportunity for tapping it. At present, owing to the delay in marking trees, it becomes impossible to tap a tree in time. Hence the tree-tax on bagani trees may be abolished and the average income from the tree-tax on trees for five years may be recovered along with the shop tax, and the village shops sold separately. The people are prepared to pay even 10 per cent over the average income. This procedure, while safeguarding the revenue of Government will afford great encouragement to professional toddy-drawers and also obviate all hardship to the occupants of lands.

Reply of Government.—The proposal will be tried experimentally in the Hassan District.

2. Correspondence ending with the Excise Commissioner's letter No. 6789, dated the 14th February 1910, explaining the difficulties now experienced by the malnad people in the bagani area under the tree-tax system and proposing a tentative reversion to the old vend farm system as a trial for one year, provided that the bids at the sales are not less than the highest aggregate revenue yet realized under the heads "Shop rent," "Tree tax" and "Tree rent."

No. Fl. 4256-60—S. R. 70-06-20, dated Bangalore, 24th February 1910.

Order thereon.—Government are pleased to approve of the Excise Commissioner's recommendation to suspend during the year 1910-11 the tree-tax system in respect of bagani toddy in the malnad taluks of the Shimoga, Kadur and Hassan Districts. The Excise Commissioner is requested to take necessary steps to guard against any appreciable loss of revenue under the change of system and against the smuggling of toddy into the tree-tax area, and he will submit to Government for approval the draft Notification for the sale of the bagani shops for the year 1910-11.

1. Government Order No. 16166-7—Mis. 2489, dated the 16th May 1903, directing that the charge allowance payable to a Sub-Assistant Surgeon doing the duties of an Assistant Surgeon and to an Assistant Surgeon doing the duties of a Civil Surgeon be regulated so far as District Medical charges are concerned, by Article 78 of the Mysore Service Regulations (Second Edition).

2. Letter No. 7705—A. C. 833, dated the 30th June 1909, from the Comptroller to Government, stating that the Government Order read above makes no provision for any allowance to a Sub-Assistant Surgeon doing the duties of a District Medical and Sanitary Officer of the rank of Civil Surgeon as in the case of Mr. G. Asirvatham, Sub-Assistant Surgeon, who was, according to Government Notification No. 10434—Med. 12-08-32, dated the 21st April 1909, in charge of the current duties of the District Medical and Sanitary Officer, Mysore District, during the absence on leave of Mr. E. S. Krishnaswami Iyer, Civil Surgeon, until relieved by Mr. T. S. Nanjappa; and suggesting the desirability of providing for such cases and allowing to Sub-Assistant Surgeons doing the duties of a District Medical and Sanitary Officer of the rank of Civil Surgeon, the same charge allowance as is allowed by Government Order dated the 16th May 1903, to a Sub-Assistant Surgeon doing the duties of an Assistant Surgeon in Medical charge of a district.

No. 6887-8—MED. 5-09-2, DATED BANGALORE, 9TH FEBRUARY 1910.

ORDER THEREON.—On a careful consideration of the nature of the work and responsibility attaching to the independent medical charge of the several districts, Government are pleased to direct, in modification of their previous orders on the subject, that the grant of charge allowances to Medical officers in charge of districts be regulated as follows:—

(*a*) Civil Surgeons will not be entitled to any allowance for the charge of any district.

(*b*) A charge allowance of Rs. 50 per mensem will be given to the Medical officer placed in the District Medical charge of the Bangalore, Mysore, Kadur and Shimoga Districts, and an allowance of Rs. 30 per mensem for the charge of the Kolar, Tumkur, Hassan and Chitaldrug Districts when such charge is held by either an Assistant Surgeon or a Sub-Assistant Surgeon.

2. The grant of charge allowances under this order will be given effect to from the 1st July 1910, the necessary provision being made therefor in the ensuing year's Medical budget.

3. The Senior Surgeon is requested to note the intention of Government that a Sub-Assistant Surgeon should not, as a rule, be placed in Medical charge of a district.

RULES REGARDING MEDICAL ATTENDANCE AND FEES FOR SUCH ATTENDANCE.

Preliminary.

"Medical Attendance" defined.

1. The term "Medical Attendance" means the professional advice and care during sickness or injury, afforded by a Medical officer. Medical attendance will include, in case of public servants, the supply, in accordance with the conditions laid down in para 27 *infra*, of the authorized medicines and appliances prescribed by the Medical officer in so far as they are available from the Government Hospital Stores and in the case of all persons, where there are no reliable chemist's and druggist's shops, the supply of such medicines and appliances in so far as stock permits.

"Medical officer" defined.

2. The term "Medical officer" includes a Medical subordinate.

Private practice of Medical officers.

3. (*a*) All members of the Medical Service are allowed private practice so far as may be compatible with the proper discharge of their public duties unless such practice is expressly forbidden in particular cases.

(*b*) The following officers are debarred from private practice of every description:—

(i) The Resident Medical Officer of the Victoria Hospital, Bangalore.

(ii) All Public Health Officers when they are not also District Medical Officers.

(iii) The Deputy Sanitary Commissioner.

(*c*) The Senior Surgeon with the Government of His Highness the Maharaja of Mysore, and the Medical Officer, Bangalore Central Jail, when the latter is also the Superintendent of the Jail, are debarred from all private practice except consultations.

(*d*) As a general rule, Medical officers are entitled to remuneration for professional attendance on the families of those public servants whom they are bound to attend gratuitously.

Medical attendance on Government servants and the families of Military officers.

The Dewan and Councillors.

4. The Dewan is entitled to free medical attendance at his residence of a gazetted Medical officer appointed for the purpose, who, when at head-quarters, shall attend also on the Councillors and officers of the Secretariat at their residences.

Government servants in receipt of salaries of Rs. 250 and above in Bangalore and Mysore.

5. (*a*) All Government servants in the Cities of Bangalore and Mysore in receipt of salaries amounting to Rs. 250 per month and upwards are entitled to the free medical attendance of the District Medical Officers or of the Medical Officer attached to the dispensary nearest their residence, at their own houses in cases of illness.

Government servants in receipt of salaries between Rs. 250 and 100 in Bangalore and Mysore.

(*b*) Government servants in the Cities of Bangalore and Mysore in receipt of salaries of Rs. 100 a month and upwards but less than Rs. 250 a month are entitled to the free medical attendance of the Hospital Assistant of the division in which such Government servants reside, at their own houses in cases of illness such as to prevent their consulting the Medical officer at his place.

Government servants drawing Rs. 100 and above in district head-quarter stations.

6. All Government servants at district head-quarter stations other than Bangalore and Mysore, in receipt of salaries amounting to Rs. 100 and upwards are entitled to the free medical attendance of the Medical Officer of the District at their own houses in cases of illness.

Government servants in stations other than district head-quarters.

7. In stations other than district head-quarters, where a dispensary is located, all Government servants in receipt of salaries of Rs. 50 and upwards are entitled to the free medical attendance of the Medical officer in charge of the dispensary at their own houses.

Government servants drawing less than Rs. 100 in district head-quarter stations and less than Rs. 50 in other stations.

8. Where there is no proper hospital accommodation, and in cases of illness such as to prevent the Medical officer in charge of the dispensary being consulted at his place, Government servants in receipt of salaries less than Rs. 100 in district head-quarters including Bangalore and Mysore are entitled to the free medical attendance at their own houses, in the first instance, of a Medical subordinate detailed for the purpose and afterwards of the District Medical Officer, should the case be reported as serious, and similarly Government servants in receipt of salaries of less than Rs. 50 in other stations in which a dispensary is located, to the free medical attendance of the Medical officer in charge of the dispensary.

9. A Government servant of any rank proceeding on duty to a place, and a Government servant stationed in a place, where medical relief is not available and there falling so seriously ill or meeting with an accident of so serious a nature as

Local Fund and Sanitary (Medical), dated 24th February 1910.

to render him unable to move to the nearest station where such relief can be had, will be entitled to gratuitous medical attendance from the Medical officer nearest to the station.

10. Medical officers are entitled in cases of illness to the free medical attendance at their own houses of the District Medical Officer or other Medical officer detailed by the District Medical Officer if there is any in the same station and if not, of the Medical officer nearest to the station.

11. (*a*) Government servants in receipt of salaries of Rs. 250 and above requiring the services of a Government specialist should first consult the District Medical Officer. If he considers the services of the specialist necessary, they are entitled to the free attendance of the specialist at their residences, provided they are in, or go to, the station where such specialist resides.

(*b*) In special cases, however, occurring in the mofussil, should the District Medical Officer certify that the patient's prospects of recovery would be jeopardised by undertaking the journey to see the Government specialist, the Senior Surgeon may depute the specialist to visit such patient, if he is a Government servant.

12. Where a Medical officer attending on a Government servant in accordance with any of the preceding rules considers that the illness is so serious that another Medical officer should be consulted, he may call in the aid of such Medical officer; and the latter shall comply with the request.

13. Local Fund employees, *i.e.*, those paid from the District and Municipal Funds, are entitled to medical attendance under these rules.

14. The families of Military officers in purely Military employ are entitled to the same medical services as the officers themselves.

15. All Government servants and their families who are entitled to gratuitous medical attendance at a place are entitled to it also at any other place where they may be residing whether on duty or on leave from the Medical officer at the station paid by Government for general duties. Should the Government servant, however, decline the attendance of the Medical officer provided by Government and call in another Medical officer to attend on him in illness, the usual fees can be claimed by the latter.

16. When a Government servant or his family entitled to gratuitous medical attendance prefers to obtain the services of a Medical officer, other than the recognized Government Medical attendant, it will be considered as a private arrangement with which Government have nothing to do. This rule will apply also to any Medical officer who may be called in, in consultation with the official Medical officer otherwise than in accordance with rule 12 *supra*; and if the consultant is detailed from his head-quarters for more than 12 hours, he will be deemed to have been absent on casual or such other leave as may be available under the circumstances.

17. Medical officers are required to attend without avoidable delay in cases of emergency or when the patient's own official medical adviser is not available, on any sick Military or Civil officer, or member of the family of a Military officer, who may call upon them to do so; and having given such aid or advice as circumstances call for, they may transfer the further treatment of the case to the proper medical attendant.

Travelling allowances to Medical officers for journeys performed by them in connection with medical attendance.

18. A Medical officer proceeding to a station outside his own under rule 9, 10, 11 (*b*) or 12, for attendance on a Government servant, shall be entitled to the usual travelling and halting allowances.

19. All claims for travelling allowances by Medical officers on account of journeys performed by them to render medical aid shall be supported by a certificate from the District Medical and Sanitary Officer in cases of non-gazetted Medical subordinates and from the Senior Surgeon in cases of gazetted Medical officers, to

the effect that the journey was *bonâ fide* in the interest of a public servant employed on Government duty.

20. For purpose of certificates referred to in the preceding rule, the District Medical and Sanitary Officer or the Senior Surgeon, as the case may be, may call for a short history confidentially of the ailment in the treatment of which the Medical officer was employed. If, on report of the nature of the case, the District Medical and Sanitary Officer or the Senior Surgeon is satisfied that the case was not serious enough for the Medical officer going to the spot, the travelling allowance paid to such officer may be recovered from the officer calling in his services.

Medical attendance on the families of officers in the civil employ.

21. The families of Government servants, in civil employ are not entitled to gratuitous medical attendance.

22. It is not considered necessary to fix definitely the amount of remuneration for attendance on the families of Government servants, but the following scale is given to serve as a guide to be followed under normal circumstances. Government, however, trust that the good sense and humanity of Medical officers will always indicate when the fees are too high in particular cases, and likewise that a feeling of fairness and gratitude which animates all who have to engage the services of Medical officers will suggest to the highly paid among them when the scale seems too low.

23. The fees which Government servants pay for medical attendance on the members of their families at their houses shall be certain percentage of their monthly pay and allowances, varying according to the standing of the Medical officer whose service they engage.

(i) To Civil Surgeons and specialists, $\frac{4}{5}$ per cent per visit with a minimum of Rs. 3 per visit and a maximum of Rs. 6.

To Assistant Surgeons, $\frac{3}{5}$ per cent with a minimum of Rs. 2 per visit and a maximum of Rs. 4.

To Sub-Assistant Surgeons, honorary gazetted officers and apothecaries at $\frac{3}{10}$ per cent with a minimum of Re. 1 per visit and a maximum of Rs. 2.

To Hospital Assistants, $\frac{1}{5}$ per cent with a minimum of annas 8 per visit and a maximum of Re. 1.

(ii) For visits at the Medical officer's house the fee shall be one third less than at the patient's house.

(iii) For a visit by night, *i.e.*, between 9 P.M. and 6 A.M. the fees shall be 50 per cent more than for a visit by day.

(iv) In the case of more than one visit by day or by night being necessary, the fee for each such extra visit shall be half the ordinary fee by day or by night. But only two such extra visits by day or by night shall be charged for.

(v) In cases where there are more than one patient under treatment in the same family at the same time, the full fee shall be charged for one, and a half fee for each of the others.

(vi) When the patient lives outside the medical officer's head-quarters, the patient shall pay the Medical officer the mileage he would receive were he travelling on duty, each mile being charged for, or place a suitable conveyance at his disposal.

(vii) For every period of twenty-four hours during which a Medical officer is detained (which is allowable only in very serious circumstances) he shall draw double his official halting allowance in addition to mileage, but the fee for such detention shall be the equivalent of one ordinary day and one ordinary night visit only.

Local Fund and Sanitary (Medical), dated 24th February 1910.

(viii) For a confinement or severe operation including necessary subsequent visits—

	Rs.
To—Civil Surgeons	50
Assistant Surgeons	40
All other substantive gazetted officers	30
Honorary gazetted officers and Apothecaries	20
Hospital Assistants	10

24. In the cases of indigent persons, generally, where there is only one Medical officer in a Station, he shall afford medical aid at their houses gratis, when they are so ill as to be unable to attend the dispensary. In a district head-quarter station the District Medical and Sanitary Officer shall see that arrangements are made to carry out the intention of this rule.

25. The foregoing scale of fees fixed in connection with the medical attendance on the families of Government servants in civil employ should be taken also as a guide to fees payable by private persons.

26. It is not intended that the above rules should interfere with private arrangements mutually agreed upon between Medical officers and their patients.

Rules for the gratuitous issue of medicines.

27. Government servants and families of Military officers in stations where there are hospitals or dispensaries are entitled to the gratuitous supply for their own use, of such authorised medicines as are in store therein, but such supplies will only be given on the prescription of the Medical officer in charge of the hospital or dispensary where application for the medicine is made or of the Medical officer deputed for medical attendance.

28. In places in which no Government hospital or Local Fund dispensary exists, prescriptions should be sent to a druggist's shop and the patient will be liable to pay for the supplies.

29. In cases where indigent persons are afforded gratuitous medical attendance under rule 24 they shall be supplied with Government medicines gratis under the same conditions as those specified in rule 27.

30. In places where there are no chemists' or druggists' shops, medicines may be supplied gratis to private patients on the prescriptions of Medical officers in so far as the stock permits.

Fees for the grant of certificates by Medical officers.

31. A fee may legitimately be charged for a certificate or opinion given by a Medical officer in the Government, Municipal or Local Fund service of the State at the instance of a private person for any purpose, whether it be in connection with a civil or criminal proceeding or not, and the fact that such person was treated in the State, Municipal or Local Fund hospital should not exempt him from the payment of such fee. A fee not exceeding two days' pay of the Medical officer (without including allowances) and subject to a maximum of Rs. 5 may be charged in each case.

32. A Medical officer shall not be at liberty by directing the applicant in the first instance to produce an order from the Police or otherwise, to postpone treatment or an examination he may be called on to make.

33. Medical officers, however, who are public servants shall not receive any fee from the public revenues for giving certificates, opinion or evidence regarding any proceeding of public interest, such as inquests or judicial inquiries. Certificates shall invariably be granted when required by the Police. If, in any case, a Medical officer considers that unnecessary or improper use is made of this rule by the Police, he should, after granting the certificate, report the matter to the District Medical and Sanitary Officer who should bring it to the notice of the District Magistrate. If the officer himself is a District Medical and Sanitary Officer, he will similarly report the matter to the District Magistrate.

34. A Police officer cannot call for a certificate for ordinary, *i.e.*, non-grievous injury unless it is necessarily required in the interests of the public service.

General and Miscellaneous.

35. Medical officers are strictly prohibited from accepting commissions from private firms on their prescriptions.

Commissions on prescriptions.

36. No Medical subordinate shall have recourse to a court of law for the recovery of a fee except with the permission of the Senior Surgeon in the case of officers below the rank of Civil Surgeon and that of Government in the case of officers of and above the rank of Civil Surgeon.

Medical subordinates not to have recourse to Law Courts for recovery of fees, without permission.

37. Medical officers are not prohibited from receiving pecuniary recognition of their services from a community or body of persons which may desire to acknowledge these, but the previous sanction of Government must be obtained by Medical officers in all such cases.

Pecuniary recognition of the services of Medical officers.

The reports on the working of the Vaccination Department in the State for the calendar year 1908, and of the Vaccine Institute, Bangalore, received with letter No. 1968, dated the 4th November 1909, from the Sanitary Commissioner in Mysore.

No. 7553—SAN. 98-09-5, DATED BANGALORE, 28TH FEBRUARY 1910.

ORDER THEREON.—There has been an unexplained delay of six months in the submission of the above reports.

2. Five out of the nine Deputy Inspectors of Vaccination were deputed to undergo training in Sanitation at Madras.

3. The number of vaccination operations performed during the year, by vaccinators (Taluk and Municipal) and Medical subordinates, was slightly more than in the previous year, *viz.*, 99,504 against 98,457, the increase being under primary and secondary vaccination. Out of the total number of operations, 5,012 were performed by Medical subordinates, 3,705 by Municipal vaccinators and 90,787 by taluk vaccinators and Vaccine Institution as against 3,269, 3,421 and 91,767 respectively during the previous year. The largest number of vaccinations (23,777) was this year again in the Kolar District and the smallest number (4,247) in the Shimoga District, a great fall for Shimoga from the relative rank which it occupied last year. In the Bangalore, Mysore and Hassan Districts, there was an appreciable increase in the number of persons vaccinated over the figure for the previous year; whereas in the Shimoga District the number decreased by so many as 11,645 cases and in the Kadur District by 2,137 cases. These diminished numbers are unsatisfactory and call for the Sanitary Commissioner's notice. The number of children under one year successfully vaccinated during the year increased from 15,613 to 17,785, the percentage to the total number of births being 18·18 and 16·96 respectively during the two years compared. The number of successful cases under primary and secondary vaccinations was 88,938 or 94·84 per cent against 88,652 or 91·49 in 1907 and the number successfull under revaccination was 1,847 or 54·95 per cent against 4,339 or 44·89 per cent during 1907.

4. During the year there were 1,890 deaths from small-pox against 6,013 in the previous year, the ratio per mille of population having thus gone down to ·35 from 1·10 in 1907.

5. The cost of the Department excluding the Vaccine Institute was Rs. 19,412 as against Rs. 21,930 in 1907. The average cost of each successful case performed by the public vaccinators employed by Government was Re. 0-3-6·73 against 0-3-11·04. The average cost of each successfull case performed by the Municipal Vaccinators was Re. 0-4-9·6 against 0-5-7·11.

6. *Inspection.*—Inspection work was performed by the Deputy Inspectors of Vaccination and Medical subordinates. The withdrawal of five Deputy Inspectors for training chiefly accounts for the fall in the number inspected by this class of officers from 101,558 in 1907 to 60,106, during the year under review. The number inspected by Medical subordinates was, however, over three times as many as in 1907 or 38,296.

7. *General remarks.*—During the year the Kurnool system of vaccination was in force in all the districts and the result was on the whole satisfactory. Vaccination continued to be compulsory in the cities of Bangalore and Mysore and on the Kolar Gold Fields. Vaccination or revaccination, as the case might be, subsequent to the age of ten, was made compulsory during the year in the case of all candidates for employment under Government and in the District and Taluk Boards and Municipalities, except those who had small-pox after their tenth year. The work of vaccination in urban areas was entrusted exclusively to the Medical subordinates and the vaccinators relieved of a portion of their work so that they might devote all their attention to rural tracts.

Local Fund and Sanitary (Sanitary), dated 28th February 1910.

8. The work done in the Vaccine Institute showed an improvement during the year under review, both as regards the quantity of vaccine manufactured and that supplied to vaccinators and Medical officers and subordinates in the State and to stations outside the State. 398 calves were purchased during the year for Rs. 2,481-8-0 at an average cost of Rs. 63-9-10 per head against 561 calves purchased during 1907 for Rs. 3,356-14-0 at an average cost of Rs. 5-15-8·9 per calf. The average cost of each calf increased during the year by about 4 annas, but the total expenditure under the head was less by Rs. 875-6-C and this is reported to be due to the greater yield of vaccine per calf by the adoption of the Japanese method of inoculation. During the year, 27 calves were inoculated for stock and 354 (251 by the usual method and 103 by the Japanese method) for the manufacture of lanoline vaccine against 74 and 452 calves respectively during the year 1907. The health of the calves was also better during the year under review.

9. The net cost of the working of the Vaccine Institute was as follows:—

	1907			1908			Difference		
	Rs.	a.	p.	Rs.	a	p.	Rs.	a.	p.
Expenditure ...	9,099	11	7	8,346	2	9	—753	8	10
Income ...	2,934	12	7	3,070	6	6	+135	9	11
Net cost ...	6,164	15	0	5,275	12	3	—889	2	9

The average cost for 100 units of vaccine was Rs. 2-10-5 against Rs. 4-0·9 during 1907.

10. Government are glad to note that the vaccine manufactured in the Institute was of good potency and that the method adopted for its storage was also satisfactory.

Proceedings of the Government of His Highness the Maharaja of Mysore.

1. Government Order No. 277-8—Edn.413-08, dated the 8th July 1909, sanctioning the deputation of Mr. Bava Sahib Miyan, Superintendent of the Industrial School at Channapatna and Assistant Master of the Local High School, to Dehra Dun and other places to study the lac industry.

2. Letter No. 3506—235, dated the 29th September 1909, from the Inspector-General of Education in Mysore, submitting a copy of a report by Mr. Bava Sahib Miyan about the results of his deputation.

No. 38, dated 12th September 1909, from Mr. M. Bava Sahib Miyan, Superintendent, Government Industrial School, Channapatna, to H. J. Bhabha, Esq., M.A., Inspector-General of Education in Mysore, Bangalore.

With reference to your docket No. 459-61—29, dated 9th July 1909, I have the honor to report that, on Saturday the 24th of July 1909, I left Channapatna for Dehra Dun, which I reached on 28th July 1909 and stayed there till the 12th August.

Mr. A. M. F. Caccia, President, the Imperial Forest Research Institute, was kind enough to allow me to work in the Imperial Forest Laboratory under Mr. Puran Singh, the Imperial Forest Chemist, to learn the chemistry of lac in general and the manufacturing of pure shellac in particular. After teaching me the theory of his new method, Mr. Puran Singh showed me the method of manufacturing shellac experimentally in a flask and then he showed me how it ought to be manufactured commercially by the help of the Lac Extracting Machine he has invented. Thereupon he was kind enough to ask me to prepare shellac first as an experiment and then commercially in his machine as he did. I am glad to inform that I did my work very neatly and gave him great satisfaction. He was kind enough to allow me to go through all the processes necessary in shellac making, that is, from the powdering of the stick lac to the making of Chapra. Further he was kind enough to show me how lac is to be analysed in the laboratory and in fact to teach me the chemistry of lac.

Besides, since I wish to prepare sealing wax in the Industrial School, I took instructions from the Imperial Forest Chemist as to how the sealing wax mass is to be melted on a large scale and how sticks are to be moulded and polished.

The shellac prepared by Mr. Puran Singh's method is very fine in point of colour and quality. The old mechanical method is very tedious and it demands much time and labour, and the yield of shellac is scarcely forty-five per cent of the stick lac used. But by Mr. Puran Singh's chemical method about seventy per cent of the stick lac can be had in the form of shellac. The wood spirit that is used in the new chemical process can be recovered and used over and over again.

The following are the chief advantages of refining lac by wood spirit, which I quote from the Authoritative Indian Forest Memoirs (Chemistry Series), Vol. I, Part II:—

"1. All forms of crude lac, whether in lumps 'coagulated' phungi or others, can be utilised for shellac manufacture.

2. The whole of the lac resin present in crude lac which constitutes pure shellac can be easily extracted by wood spirit, so that fine dirt-impregnated portions of the seed lac need not have a separate treatment requiring additional labour to utilise them as inferior lac (Khud), as in the old method.

3. The greatest difficulty of manufacture in separating the colouring matter trituration with water is dispensed with.

4. The necessity of mixing rosin with seed lac for the purpose of facilitating the refining process in the old method is avoided.

5. The purity, lustre and colour of the lac resin together with its capacity of being stretched out in their sheets are in no wise injured in the new process, as they are to a greater or lesser extent by the action of rosin in the old method.

6. The new process involves less labour and expenditure than the old method.

7. It gives an increased yield of shellac as compared with the quantity obtained by the old method from the same amount of crude lac.

8. The quality of the product obtained by the new process is much finer and purer than in the case of the old method.

9. On account of the ease with which lac can be refined by means of wood spirit, the supply of shellac can be made equal to the vastly increased demand for it in Europe and the United States.

10. As a result of the finely refined character of the shellac as manufactured by the new process, the article is expected to find a ready sale and command higher prices in the market than the product obtained by the old method."

Since there is no factory to prepare wood spirit in India, Mr. Puran Singh suggests that a joint factory to manufacture shellac and wood spirit may with advantage be started in Mysore. The raw material required for the purpose is chiefly hard wood and it is abundant in the Province and so by installing a destructive distillery wood spirit on a commercial scale can be manufactured in the Mysore State. The Imperial Forest Chemist and the President of the Imperial Forest Research Institute have kindly written to the Inspector-General of Education and the Conservator of Forests in Mysore,

that they will be glad to help the Mysore Government in the matter in all the ways they can. In this connection, I beg to add that if a joint factory is started in connection with the Industrial School, Channapatna, work can be managed most economically, since there need not be a separate establishment for it. To start a shellac factory, Government have only to incur the expenditure of having a Lac Extracting Machine, Grinder and Boiler, the cost of which will not exceed Rs. 5,000. The crude lac collected from the forests of the Province may all be purified here.

In this connection I beg to add that there is scope in the Province for immensely improving the lac crop, if steps are taken as in the Central Provinces.

Further, the Imperial Forest Chemist has promised that if samples of Mysore forest products such as grasses, leaves, flowers, roots, barks, gums, heartwood of various kinds, etc., are sent to him, he will analyse them and find out their economic value and even publish pamphlets on them at the Government of India Press. I beg to state that for this purpose Government have only to incur the cost of collection, packing and railway charges. If I am kindly permitted I shall most willingly undertake to collect the Mysore forest products and send them to the Imperial Forest Laboratory, Dehra Dun, and even arrange to publish through the columns of the Mysore Revenue and Agricultural Gazette, the results of Mr. Puran Singh's experiments at Dehra Dun.

After finishing my work at Dehra Dun, I went to Barielly, where I saw the improved method of drawing steel musical wires. Here I saw an ingenious contrivance which saves much time and labour. I wish to have such an arrangement in the school for drawing musical wires and the arrangement will not cost more than Rs. 5. By the devise adopted at Barielly, a man can draw about ten tolas of wires in a day, whereas according to the present method of Channapatna one can scarcely draw five tolas of wires. Besides this, I learnt how brass musical wires are given a copper coating. I was also able to visit three of the numerous workshops where articles of wooden furniture are manufactured. The articles prepared here are fine and at the same time very cheap. This is due to the introduction of the division-of-labour system and the using of improved tools.

On the 17th I reached Mirzapur, where I was able to see the manufacture on a very large scale of various kinds of shellac such as Fine Orange D. C., Native Leaf, Livery, T. N. Orange, etc. In the City of Mirzapur there are about 150 lac factories, four of them are owned by Europeans. The making of Chapra and button lac of various grades on such a grand scale as is done here was a great object lesson to me, and now I have a correct idea as to how a shellac factory is to be conducted. The Mirzapur people adulterate lac with rosin and yellow arsenic to reduce the melting point of lac and to lower its price. This adulterated stuff does not sell well in Europe and America, where only shellac free from impurities is largely required for electrical apparatus for Gramophone plates, for high class varnishes and for various other purposes. Anyhow there are two big and very respectable factories, the one owned by Mr. Mahadev Prasad and the other by Messrs. Lucas & Co., who prepare also pure shellac for their American and European customers.

From Mirzapur I went to Baroda, which I reached on the 21st. Mr. Romesh Chunder Dutt, C.I.E., the Dewan of Baroda, was kind enough to give me all the facilities to see the Kalabhavan institution and workshops and the famous Lacquer Works of Sankheda. The artists of Sankheda showed me everything about the industry except the method of reducing tin to a very fine powder. The peculiarity of Sankheda Lacquer Works is that tin is finely powdered mixed with a solution of stick glue and then with a brush beautiful pictures are drawn on the toys and other articles. When the drawing is quite dry, the things are mounted on the hand lathes and are turned, and the pictures are burnished by pressing Sangi Aqing or Cambay Stone against them and then a thin coating of coloured lac is given in the ordinary way. Tin applied to toys, etc., in this way makes them exceedingly fine. I tried my best to know the method of reducing tin to powder and Mr. Jahaver Bhai Dungar Bhai Patel, the Vivatdar (or Amildar) of Sankheda also used all the tact for the purpose; but the artists would not reveal the secret.

Thereupon I went to Bombay where Professor Gajjar and Mr. Amin gave me their experience of shellac manufacture and the making of polish and varnish. I requested Professor Gajjar to teach me the process of reducing tin to powder, so that I may be able to introduce tin into the lacquer works of Channapatna as is done in Sankheda. The learned professor was kind enough to allow me to work in his Techno-Chemical Laboratory at Girgaum and taught me the method of reducing tin and other soft metals such as lead, zinc, aluminium, etc., to a very fine powder. I was told that the Sankheda people take about twenty-four hours to reduce one lb. of tin to powder; but according to Professor Gajjar's method it can be done in about half an hour.

On the 29th I left Bombay for Miraj, where with the kind permission of Sir Gangadhar Rao Ganesh Patwardhan *alias* Bala Sahib, K.C.I.E., Chief of Miraj, I saw the polishing of cutlery and other things in the Ganesh Kala Griha. Here I saw a fine device for boring steel, iron, brass, etc., and I am going to have that arrangement in the Industrial School for preparing steel plates for drawing the musical wires. This will not cost more than two rupees.

On the 2nd of September I went to Savantvadi through Belgaum. Here the lacquer work industry has been developed to a very great extent. The shading of colours on the articles and the fancy picture drawing as are found in the Japanese lacquered Ware and the giving of lac colour to plane surfaces are admirably developed at Savantvadi. Even big articles of furniture such as sofas, almirahs, chairs and cots, etc., are prepared with beautiful lacquer works. The Durbar Hall at Savantvadi is furnished mostly with the local-made lacquered furniture. I am glad to state here

Local Fund and Sanitary (Education), dated 1st February 1910.

hat Mr. V. N. Kelkar, the proprietor of the Indian Lacquer Works, Savantvadi, made no secret of is work and showed me everything about the lacquer industry.

In imitation of Japanese lacquered Ware which contain pictures, I had tried at Channapatna ome experiments in the Industrial School in this direction, but I found that the pictures drawn on rdinary wood blur; and it is only at Savantvadi that I learnt how to make wood fit for receiving ictures. Now that I have been initiated into the mysteries of Sankheda and Savantvadi lacquer vorks, I hope to introduce improvements in the Channapatna lacquer works.

Further I beg to state that in my tour, I have succeeded in securing customers and agents for the acquered articles and musical wires of Channapatna in the Cities of Poona, Bombay, Ahmedabad, Akola, Agra, Allahabad, Lucknow, etc.

It is evident from what I have stated above that I have made use of the opportunity kindly given o me, to the best of my abilities. The letters I have brought from the Imperial Forest Chemist, the President of the Imperial Forest Research Institute, Professor Gajjar and Mr. Kelkar will bear out my tatements. Since I have returned from my tour with many ideas in my head about the improvement f the industries in my charge, I request most respectfully that you may kindly appoint me as full-time Superintendent of the Industrial School, so that I may be able to devote all my energies towards the egeneration of the local industries.

In conclusion I think it my duty to express my sincere feelings of gratitude to you and to Dr. C. R. Reddy, M.A. (Cantab.), Mr. J. S. Chakravarti, M.A., F.R.A.S., and Rai Bahadur M. Muthanna or kindly giving me letters of introduction, which helped me to a very great extent in making my leputation a thorough success.

No. 6595-7—Edn. 413-08-7, dated Bangalore, 1st February 1910.

Order thereon. Recorded with the observation that Mr. Bava Sahib Miyan has apparently made good use of the opportunity given to him. He will, however, be asked to present himself before the Officer in charge of the Agricultural Chemist's Laboratory, who will be requested to test and report whether Mr. Bava Sahib Miyan has obtained any practical acquaintance with the chemistry of lac.

2. The Inspector-General of Education is requested to direct the Superintendent to make use of the information he has collected to improve the lacquered toys and wires, etc., made in Channapatna, in directions which do not require any heavy outlay. After the lapse of a year it should be reported whether and how far Mr. Bava Sahib Miyan has succeeded in reducing his lessons to practical use. His request to be made a whole-time Superintendent of the Industrial School will then be taken into consideration.

3. The proposal to introduce the refining of shellac and distilling wood spirit is referred to the Conservator of Forests in Mysore for opinion and report as to what quantity of crude material for lac is available in the State Forests every year and whether it will be a paying concern to start the industry on a small scale as proposed in the report.

Letter No. 432-34, dated the 10th June 1909, from the Inspector-General of Education in Mysore recommending that the gift of Rs. 3,000 made by Sowkar Kavale Devappa of Sagar for educational purposes may be accepted as a deposit under the rules for the deposit of charitable endowments.

2. Correspondence ending with letter No. 3388-228, dated the 27th September 1909, from the same officer, on the subject.

No. 6868-9—EDN. 24-09-6, DATED BANGALORE, 8TH FEBRUARY 1910.

ORDER THEREON.—During the year 1904-05, Mr. Kavale Devappa, a sowkar of the Sagar Taluk, deposited Rs. 3,000 with the Inspector-General of Education for the purpose of the interest on the money being utilised to grant scholarships to boys in the Anglo-Vernacular School, Sagar, taking up Sanskrit and English.

As the object of the endowment falls within the purview of the rules for the deposit of benevolent and charitable endowments, Government are pleased to direct that the money be accepted as a deposit under the rules sanctioned in Government Notifications Nos. Fl. 4007—G. F. 184-06, dated the 12th February 1908, and Fl. 473-503—G. F. 15-09-2, dated the 15th July 1909, with effect from the date of this Order.

2. No scheme for administering the fund has been submitted. The investment is accepted on the condition that the interest will be utilised for the purpose for which it is intended in accordance with a scheme approved by the Inspector-General of Education and that the fund will be administered by the Education Department.

3. The Comptroller is requested to get the necessary agreement executed by Sowkar Devappa as required by Rule IV of the rules.

4. Annual reports on the administration of the fund together with abstract of accounts should be submitted to Government by the Inspector-General of Education in Mysore as required by Rule V.

Correspondence ending with letter No. 38, dated the 11th October 1909, from the Compiler of the *Mysore Gazette*, forwarding, as required, a list showing the persons, institutions, newspapers and magazines that are supplied with the *Mysore Gazette* free of cost.

No. G. 4227—G. M. 30-08-77, DATED BANGALORE, 8TH FEBRUARY 1910.

ORDER THEREON.—Government are pleased to issue the following instructions with regard to the free supply of the *Mysore Gazette* in future :—

(*a*) In regard to newspapers and other periodicals to which the Gazette is now supplied free and which send their publications in exchange, the practice of sending them copies of the Gazette free may be continued so long as copies of their publications are received regularly in exchange by the Compiler, *Mysore Gazette*.

(*b*) In the case of the following newspapers and journals which are now supplied with the Gazette free of cost but which do not send copies in exchange to the Compiler, an option of receiving copies of the Gazette in exchange for their publications may be given and the supply of the Gazette stopped if the arrangement is not agreed to :—

(1) The Edward Gazette, Bangalore.
(2) The Indian Engineering, Calcutta.
(3) The Indian Patriot, Madras.
(4) The West Coast Spectator, Calicut.
(5) The Kalasa Advocate, Amritsar.
(6) The Indian Forester, Nainital.

In view of the fact that a large number of copies of the following journals, *viz.*, the Kasim-ul-Akbar and the Mysore Review, are bought by Government, they will be each supplied with a copy of the Gazette free and it is not necessary to ask them to send additional copies by way of exchange.

(*c*) The supply of the Gazette free of charge to the following institutions and persons will be stopped :—

(1) Sreemathi Annavasanthi Sangham.
(2) The Mysore Industrial and Agricultural Association, Bangalore (which has practically ceased to exist).
(3) Mr. A. P. Smith, Journalist, Madras.
(4) The Proprietor, Jamshad Steam Press, Bombay.

(*d*) Applications in future from editors of journals for the supply of the Gazette will be sanctioned on the basis of an exchange, each case, however, coming up for the orders of Government.

2. The Compiler of the Gazette will arrange for all exchange copies of newspapers and periodicals being sent to the General and Revenue Secretariat.

3. The applications of the following newspapers and journals are forwarded to the Compiler for report with reference to para 1 (*d*) above :—

(1) The United India and Native States, Madras.
(2) The Standard Magazine, Madras.
(3) The Mysore Times, Bangalore.
(4) The Veerakesari, Madras.
(5) The Army and Civil News, Bangalore.

Annual Report of the Mysore Military Forces for the year 1908-09, submitted with letter No. 1395, dated 30th September 1909, from the Chief Commandant, Mysore State Troops.

No. 968—MILY. 36-09-3, DATED BANGALORE, 4TH FEBRUARY 1910.

ORDER THEREON.—Government observe that the report submitted by the Chief Commandant is on the whole satisfactory.

2. The expenditure under all branches of the service during the year amounted to Rs. 12,39,534 as against Rs. 11,63,035 during the previous year.

3. The strength and discipline of the Cavalry and Infantry Regiments and Transport Corps were fairly well maintained throughout the year.

The health of the Troops has also been uniformly good during the period under report.

4. The Imperial Service Lancers and four Divisions of the Transport Corps took part in the Bangalore Brigade combined Manœuvres held in January last.

The Imperial Service Regiment also took part in the Cavalry Brigade Camp held in October last for the inspection of the Inspector-General of Cavalry in India.

A Squadron of the Local Service Regiment was as usual detailed for duty in connection with the Royal Field Artillery Practice Camp held at Beerasandra between December and January last and was favorably reported on by the officer commanding the Camp.

The Imperial Service Regiment and Transport Corps were inspected during the year by the Inspector-General of Imperial Service Troops and His Excellency the Commander-in-Chief in India, who expressed themselves pleased at all they saw.

The Imperial Service Regiment was also inspected by the Assistant to the Deputy Assistant Adjutant-General for Musketry, who found considerable improvement in the work of the Regiment on the Range.

The above Regiment was also inspected by the Inspector-General of Signalling in February last and the result of his inspection was very satisfactory.

5. Several officers and non-commissioned officers of the Imperial Service Regiment were trained in—

Musketry,
Pioneer work,
Gymnastic and other exercises

during the year. Government are pleased to note that a number of prizes were won in the S. I. R. A. and Central Assault-at-Arms held at Bangalore and the Imperial Service Rifle Meeting at Hyderabad by the above Reigment and that Duffedar Kasi Rao, being in the Central Assault-at-Arm the best man at arms, was awarded a medal and a prize of Rs. 15.

6. With a view to improve the efficiency of the Veterinary branch of the service, the appointment of Chief Veterinary Officer was sanctioned during the year.

Government note with regret the occurrence of influenza among the horses and ponies of the Imperial Service Lancers and Transport Corps.

Of the 273 attacks in the former Regiment, only 18 cases proved fatal, and though the ponies in the latter Corps also suffered from the above epidemic, not a single death occurred, owing to the increased facilities for segregation, etc., and the experience gained by the Veterinary Officers in the treatment of cases among the horses of the Imperial Service Lancers.

7. The Horse and Mule Chanda Funds of the Imperial and Local Service Regiments were in a satisfactory condition at the close of the year.

I. Government Orders Nos. 693-4—Muz. F. 87-93, dated 8th January 1896, 890-1, dated 27th October 1903, and 1582-3, dated 6th September 1906, sanctioning a scale of expenditure in the Sri Venkataramanaswami temple at Chiktirupati in the Malur Taluk.

II. Letter No. 4578—142, dated 23rd December 1909, from the Deputy Commissioner, Kolar District:—

"I have the honor to submit herewith, for favor of sanction, a bill for Rs. 503-1-3, being the amount of remuneration for 1908-09 payable (out of the year's receipts, *viz.*, Rs. 1,343-7-0) to the archak and the other servants of the Sri Venkataramanaswami temple at Chiktirupati in the Malur Taluk, and to state that the amount of the bill may be met from the sum of Rs. 10,804-14-11 remaining at the credit of the institution.

2. The District Treasury Officer's credit certificate is also herein enclosed, for kind reference and transmission to the Comptroller with the bill.

3. As the whitewashing of the temple and the putting up of a temporary pandal, during the car festival, were absolutley necessary, the item of Rs. 15 expended on this account may be passed.

4. A sum of Rs. 9-9-0, being the amount of remuneration for lighting, has also been included in the present bill for sanction.

Expenditure under this last head had been incurred from out of the temple funds for a number of years past, without including the amount in the bills annually submitted to Government for sanction, an amount minus this sum only being shown in such bills. This practice being opposed to Article I of the Civil Account Code was stopped as irregular in this office No. 75, dated 9th August 1909. Hence the item for the year 1908-09 had to be included in the present bill."

No. 2073-4—Muz. 387-09-2, dated Bangalore, 19th February 1910.

ORDER THEREON.—Government in their orders read above, have directed the payment of a moiety of the collections on the marginally noted items to the archak and two-thirds of the collections in kurulu kanike to the musicians and archak of the temple in equal proportion.

(*a*) Mudupu kanike.
(*b*) Pada kanike.
(*c*) Talige nivedana kanike.
(*d*) Utsava kanike.
(*e*) Abhishekada kanike.
(*f*) Ashtottara kanike.
(*g*) Miscellaneous kanikes put in the *dabbi* by the devotees.

2. In the bill submitted with the letter read above, the Deputy Commissioner has included the following items for which there is no authority, and states that these items are absolutely necessary:—

(1) Commission at 5 per cent payble to persons emp loyed on collection duty;

(2) Rs. 9-9-0 kandayam payable on lands assigned to dhobies for their service in the temple;

(3) Rs. 7-7-0 kandayam payable on lands assigned to Mantrapushpa Brahmins for their service in the temple;

(4) Rs. 15-0-0 cost of putting up pandals, etc.

3. Under these circumstances, the Government are pleased to sanction the above items of expenditure in the Sri Venkataramanaswami temple at Chiktirupati in the Malur Taluk and in modification of the previous orders read above, the Government are further pleased to fix a scale of expenditure in the temple as specified below:—

(1) (*a*) Mudupu kanike;
(*b*) Talige nivedana kanike;
(*c*) Pada kanike;
(*d*) Utsava kanike;
(*e*) Abhisheka kanike;
(*f*) Ashtottara kanike;
(*g*) Miscellaneous kanikes put in the *dabbi* by the devotees.
(A moiety of the collections on these items should be paid to the archak.)

(2) Kurulu kanike.
(One-third of the collections to the archak and one-third to the musicians.)

(3) Commission at 5 per cent payable to persons employed on collection duty.

(4) Rs. 9-9-0, kandayam payable on lands assigned to dhobies for their service in the temple.

(5) Rs. 7-7-0, kandayam payable on lands assigned to Mantrapushpa Brahmins for their service in the temple.

(6) Rs. 15-0-0, cost of white washing the temple and putting up pandals, etc.

Muzrai, dated 19th February 1910.

4. The bill for Rs. 503-1-3, being the remuneration payable to the servants of the temple for the year 1908-09, is sanctioned and forwarded to the Comptroller for audit, the charge being met from the funds available at the credit of the temple.

Government Proceedings No. 460-8, dated 10th October 1898, publishing rules relating to Dharmadarsis of Muzrai institutions in the State.

2. Representations made from time to time in the Dasara Representative Assembly Meetings praying for a revision of the aforesaid rules for the better management and supervision of the institutions.

3. Reports from the several Deputy Commissioners of Districts and the officer in charge of the Palace Establishments, Mysore, submitting their views in regard to the amendment of the rules as called for in Government Proceedings No. 2300-8, dated 16th November 1905.

No. 2144-53—Muz. 121-05-11, dated Bangalore, 26th February 1910.

Order thereon.—The Government of His Highness the Maharaja of Mysore, after a careful consideration of the representations made and the views submitted, are pleased to order the followin amendments to the rules relating to Dharmadarsis of Muzrai institutions published under Government Proceedings No. 460-8, dated 10th October 1898 :—

Rule 1.—After "the Deputy Commissioner" omit "will recommend . . . careful local enquiry" and insert "may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institution does not exceed Rs. 250. In the case of institutions having a larger income the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings."

Rule 3.—For "as necessities arise" and "two-thirds" substitute "if necessary" and "one-half," respectively, and add at the end "The Amildar of the Taluk may, whenever he considers it necessary, attend such meetings."

Rule 5.—After "before submission to the Amildar by the Parpattegar" and before "be scrutinised" insert "or other official of the institution" and also substitute "a" in the place of "the" occurring in "checked at the meeting."

Rule 7.—After "or otherwise as may be resolved upon" insert "by them."

Rule 8.—At the end of the first sentence after the word "Taluk Amildar" add "subject to the general or special orders of the Deputy Commissioner."

In the last sentence of clause (i) insert "at once" between "the result of the inspection should" and "be reported."

In clause (ii) insert "without delay" between "the realisations" and "to the Taluk Treasury."

Add the following as clause (v) of the rule :—

"(v) Grant of casual leave (not exceeding three days) to servants."

Rule 10.—Substitute "may" in the place of "are expected to."

Rule 11.— Substitute "such" for "the" in "unless removed within the period."

Rule 12.—Insert "being" after "or" in "or absent from the station" and substitute "liable to be removed from office" in the place of "regarded as having . . . . . from the list of Dharmadarsis."

Rule 14.—Insert "his office" after "whenever a Dharmadarsi vacates," and "may be filled up" after the word vacancy in "the vacancy by the appointment of another person" and omit "specified in para 11 *supra* . . . . . fill up."

Proceedings of the Government of His Highness the Maharaja of Mysore,

2. The rules relating to Dharmadarsis of Muzrai institutions published under Government Proceedings No. 460-8, dated 10th October 1898, will as now amended be as shown below :—

Rules relating to Dharmadarsis of Muzrai institutions.

For the office of Dharmadarsis of specified Muzrai institutions the Deputy Commissioner may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institutions does not exceed Rs. 250. In the case of institutions having a larger income, the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings. The appointment will be made by the Government by notification in the official Gazette.

2. The Dharmadarsis will advise and co-operate with the local Muzrai officers in matters relating to the internal management of the institutions for which they are appointed.

3. The Dharmadarsis of each institution or group of institutions shall meet at least once a month and oftener if necessary to discuss the affairs of the institutions under their supervision. In all such meetings one-half of the total number of Dharmadarsis will form the quorum; and the meeting will be presided over by one of the Dharmadarsis elected for the occasion by those present. The Amildar of the taluk may, whenever he considers it necessary, attend such meetings.

4. The proceedings of the meetings of the Dharmadarsis shall be recorded in a book to be kept for the purpose; and copies of the proceedings shall at once be forwarded to the Amildar under the signature of the Dharmadarsi presiding at the meeting.

5. The monthly accounts of receipts and expenditure in the institution shall, before submission to the Amildar by the parpattegar or other official of the institution, be scrutinised and checked at a meeting of the Dharmadarsis; and the result of the scrutiny shall be recorded in the proceedings book and an extract thereof shall be appended to the accounts submitted to the Amildar. For purposes of the examination of the monthly accounts the Dharmadarsis shall be given free access to all registers and records maintained in the institution.

6. In all matters of routine relating to the internal management of the institution, the resolutions adopted at the meetings of the Dharmadarsis shall be given effect to, if approved by the Amildar. But where the Amildar disagrees, he shall forward a copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsis. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsis, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsis in rotation or otherwise as may be resolved upon by them in a regular meeting.

8. The Dharmadarsis either individually or as a body may be delegated the following special duties at the discretion of the Taluk Amildar, subject to the general or special orders of the Deputy Commissioner:—

(i) The periodical inspection of the jewels and other valuable properties belonging to the institutions in the presence of the servant or other person entrusted with the custody thereof. The result of the inspection should at once be reported to the Amildar.

(ii) The opening of the Golaka box in the presence of the chief servants of the temple and remitting the realisations without delay to the Taluk Treasury.

(iii) The conduct or supervision of any santarpane, utsavam or other celebration on any special occasion.

Muzrai, dated 26th February 1910.

(iv) The supervision of petty repairs.

(v) Grant of casual leave (not exceeding three days) to servants.

9. The Dharmadarsis shall not dispose of any properties belonging to the institution in any manner whatsoever except on the previous written order of the Amildar or higher Muzrai Officer competent to deal with the same.

10. The Dharmadarsis shall not be competent to punish any servant of the institution but may report to the Amildar any irregularity or misconduct on the part of any servants of the institution: and the Amildar shall thereupon proceed to take such action in the matter as may be called for.

11. Every Dharmadarsi shall hold his office generally for a period of five years from the date of his appointment unless removed within such period for reasons hereinafter mentioned.

12. Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed from office.

13. The Deputy Commissioner may, for any sufficient reason, recommend to the Government the removal of any Dharmadarsi from his office.

14. Whenever a Dharmadarsi vacates his office or is removed from office before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

15. All appointments and removals of Dharmadarsis shall be duly notified in the *Mysore Gazette.*

16. The foregoing rules shall apply *mutatis mutandis* to Nazarin-e-owkoffs appointed for Mahomedan institutions under Muzrai management.

No. 88-90—1023-5, DATED BANGALORE, 3RD FEBRUARY 1910.

ORDER THEREON.—The order of the District Magistrate concludes an enquiry undertaken by him into the case of an accident in which Mr. Logan-Wright, an Assistant in the Motor House Company at Bangalore, met with serious injuries which resulted in his death.

The accident occurred at about 7-30 on the evening of 5th December 1909 and Mr. Logan-Wright died from its effects on the 8th idem. The scene of the occurrence was a new bridge over a drain on the Hosur-Bangalore road under construction by the Mysore Sanitary Engineering Department.

2. The evidence and report go to show that the traffic at the site of the bridge had been diverted on one side along a temporary road, and that suitable barricades had been erected and danger lights placed on either side of the obstruction on the night of the occurrence.

The deceased appears to have passed on his motor bicycle by the diversion road earlier in the afternoon and motored for about ten miles beyond it.

3. It is in evidence that after he had passed this place, the driving sprocket wheel and one of the pedals of his motor bicycle were dropped on the road and the chain was carried by the deceased in his pocket. He rode the bicycle without these parts on his return journey.

The bicycle was found badly bent and twisted after the accident, which points to the violence of the collision, indicating that the deceased approached the place at great speed.

4. The evidence and report leave no doubt that the usual precautions had been taken at the site of the work for the safety of the public and that danger lights were in position at the time of the accident. It is also clear that the deceased rode down to the barricade on a dark night without a lamp at considerable speed on a motor bicycle which was unsafe and apparently not under proper control.

5. In recording with regret the report on the sad fatal accident, Government agree with the District Magistrate and are satisfied that no culpable negligence can be attributed to any one connected with the bridge work which was being carried out by the Sanitary Engineering Department.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The following note dated 27th January 1910, by the Secretary to Government, Public Works Department :—

"I solicit sanction to the formation of a temporary Special Channels Conservancy Division to make arrangements for maintaining the requisite minimum supply of water to the Cauvery Power Station at Sivasamudram during the ensuing hot weather. The supply will be maintained partly by storing the surplus water of the river in the next few weeks and partly by effecting economies in the distribution of water to the hot weather crops under the channels.

2. During the last six years, the summer supply of the river has fallen short of the required minimum of 450 cubic feet per second for some period, short or long, every year between the months of February and June. The accompanying statements* give the discharges of the river between January and March for the last five years, the number of days in each year on which the full power required could not be generated and the rebate that had to be allowed in consequence.

3. Mr. McHutchin made special arrangements last year to regulate the supply to the hot weather crops on the channels and to store the surplus water of the river by raising the crests of selected anikats and tank weirs. He also recommended that similar operations should be undertaken annually as an insurance against loss of revenue from the Cauvery Power Scheme until some permanent arrangements are made to store the requisite supply.

4. Arrangements are being made to draft the marginally noted officers and Upper Subordinates to the new Division.

Engineers.

(1) Mr. B. Subba Rao, Executive Engineer.
(2) ,, A. Puttusamiya, Assistant Engineer.
(3) ,, B. Nanjundaradhya do
(4) ,, N. Anandalwar, Sub do
(5) ,, M. G. Rangaiya do do
(6) ,, N. G. Krishnaiengar Sub do

Upper Subordinates.

(1) Mr. M. Krishna Rao, Supervisor.
(2) ,, M. G. Singarachar, Overseer.
(3) ,, T. Narasimha Iyengar, Overseer.
(4) ,, E. Ramaswami Iyer, Temporary Overseer.

The number of officers has been reduced somewhat and Upper Subordinates will be posted to situations occupied by Assistant Engineers last year.

Mr. Subba Rao, Executive Engineer, will be placed in charge of this temporary Division from the 28th instant and he will be given a small Divisional establishment. Also two or three Sub-Divisions will be formed as may be necessary.

5. The duties to be performed by the staff will be similar to those of the special staff employed on the work last year. The anikats will be raised and the head and scouring sluices will be carefully maintained as required to regulate the supply to the channels as well as to Power Station. In addition to this, the Sub-Division Officers will supervise the annual repairs to the channels and will control the ordinary Conservancy staff at present employed on them.

6. The total cost of the works to be carried out for temporary storage is expected to amount to Rs. 25,000. This will have to be met from savings in the Cauvery Power Scheme Budget or by a special grant, as may be decided later on.

The establishment charges are not likely to amount to more than Rs. 26,500 including salaries, deputation and travelling allowances. This sum will be met from savings on the Public Works Budget. On the whole the additional temporary establishment actually required for this work may not exceed Rs. 10,000.

7. It is certain we cannot go on with these temporary arrangements from year to year for very long. It is necessary to construct a storage reservoir in the valley to impound at least 6,000 units, but it is desirable, if possible, that this opportunity should be taken to construct a large storage reservoir to ensure an adequate fair weather supply both for power generation and irrigation in the valley. It is proposed, with the sanction of Government, to employ the same staff on the investigation of these larger questions as soon as the more urgent work connected with the conservancy of the channels is completed.

8. Last year, the arrangements for temporary storage were completed as early as December. The conditions of river discharge at present appear to be quite as bad as, if not worse than, last year. Very early sanction is therefore solicited :—

(1) To the formation of a temporary Division for six months commencing from the 28th instant;

(2) To the additional expenditure of about Rs. 25,000 on works and Rs. 10,000 on temporary establishment during this period as explained in para 6 above.

* Not printed.

Public Works, dated 9th February 1910.

9. As the matter is urgent, I am taking action on the above lines in anticipation of the formal sanction of Government. A detailed estimate for works and a distribution statement of the establishment employed will be submitted as soon as all arrangements are perfected."

No. 108-126—1241-1259, DATED BANGALORE, 9TH FEBRUARY 1910.

ORDER THEREON.—As the cold weather flow in the Cauvery river is low and unsatisfactory, it is important that early arrangements should be made to maintain the minimum supply required for the Power Station at Sivasamudram, partly by storing the surplus water of the river in the next few weeks and partly by effecting economies in the distribution of water to the hot weather crops under the irrigation channels in the valley. For this purpose, the Government of His Highness the Maharaja of Mysore are pleased to sanction, as a temporary measure, the formation of a Special Channels Conservancy Division with head-quarters at Mysore.

2. Such of the channels on the Cauvery, the Kabbani and the Hemavati rivers as require regulation will at once be taken over by the Public Works Department from the Revenue Department and steps taken to regulate the supply of water to these channels with a view to ensure the maintenance of the requisite minimum supply to the Power Station at Sivasamudram.

3. The following officers and subordinates are transferred for duty to this Division :—

Engineer Officers.

(1) Mr. B. Subba Rao, Executive Engineer (to be in charge of the newly formed Division).
(2) Mr. A. Puttusamaiya, Assistant Engineer, from the Chitaldrug Division.
(3) Mr. B. Nanjundaradhya, Assistant Engineer, from the Palace Division.
(4) Mr. N. Anandalwar, Sub-Assistant Engineer, from the Kadur Division.
(5) Mr. M. G. Rangaiya, Sub-Assistant Engineer, from the Water-supply and Stores Division.
(6) Mr. N. G. Krishnaiengar, Sub-Assistant Engineer, from the Hassan Division.

Upper Subordinates.

(7) Mr. M. Krishna Rao, Supervisor, from the Mysore Division.
(8) M. G. Singarachar, Overseer, from the Sanitary Division.
(9) T. Narasimhaiengar, Overseer, from the Water-supply and Stores Division.
(10) E. Ramasawmi Iyer, Overseer, from the Kolar Division.

4. The Executive Engineer will submit as early as possible a detailed estimate for works to be carried out in connection with the temporary storage of water, and a distribution statement of the establishment employed as soon as the Division is in working order.

Letter, dated 24th December 1909, from Messrs. John Taylor & Sons, London, asking for permission to revise the boundaries of the gold mining blocks held by the Companies under their management on the Kolar Gold Field and suggesting the execution of a Memorandum of Agreement providing that the blocks to be granted to the Companies under fresh leases in accordance with the Memorandum of Agreement of December 1901, shall be the blocks as at present owned by the respective companies or such varied blocks as may be agreed upon by the Government and the Companies and that, in case the fresh leases to be granted to the Companies on the 22nd March 1910 be not complete for execution by that date, the Companies shall continue to be in possession of their respective blocks until the execution of fresh leases as if such leases had been granted on the 22nd March 1910.

No. 1724-6, DATED BANGALORE, 5TH FEBRUARY 1910.

ORDER THEREON.—The object with which permission is sought for to revise the boundaries of the blocks is stated to be to make the blocks more compact and homogeneous. The Government have no objection to any slight revision of the boundaries which may be mutually agreed upon by the Companies concerned on the understanding that any proposed revision is subject to the approval of Government.

2. With regard to the Memorandum of Agreement suggested for execution, this is stated to be necessary in the event of an apprehended delay in the execution of fresh leases by the 22nd March 1910, owing to the time required for the survey of the boundaries of the blocks and the preparation of maps to be attached to the leases. The Government are, however, advised that the execution of a formal document of the kind suggested to serve such a temporary object is not necessary and that it will be sufficient if the Government authorise the Companies to continue in possession of their respective blocks and carry on operations thereon until the execution of fresh leases on terms identical with the terms of the fresh leases.

3. The Government are accordingly pleased to direct that in the event of the fresh leases not being ready for execution by the 22nd March 1910, the Companies shall continue to be in possession of their respective blocks and carry on operations on terms identical with the terms of the fresh leases already agreed upon between the Government and the Companies.

4. A form of the fresh leases embodying the terms under which operations are to be carried on is printed as an Appendix to this Order.
